\_\_\_\_\_.

Our body is the temple of God. (1 Corinthians 6:19-20,) Our Faith and beliefs prohibit the injection of foreign substances into our bodies. To inject into our body with any substance which would alter the state into which he or she was born would be in direct violation to God's Law (Lev 17:11. For the life of the flesh is in the blood:" ... Our faith will not allow us to question our Lord and God, nor to challenge His divine power.

The objection is based on our heritage and deeply-held spiritual beliefs based on The Holy Scriptures. The vaccination of our child violates laws put forth within us by a higher force "The Most High "

Our obedience is to God's law, Christ, and the Holy Bible we believe that we are responsible before God for the life and safety of our child and will do all that is required of us to keep them safe as God commanded us.
